Graduate Studies in Mathematics

**Sooyeon Lee, Catherine Putnam, Stephan Roberts,
Christopher Schwanke, Caroline Turnage-Butterbaugh**

Are you considering going to graduate school in mathematics? Do you wonder what graduate school in mathematics is like? Do you have questions about applying to graduate schools? If you've answered yes to any of these questions, come ask a panel of five of the math department's graduate students anything you'd like to ask about graduate school!

We will provide pizza and drinks. Hope to see you on Thursday!
