MATH 123 TRIGONOMETRY

COURSE SYLLABUS

INSTRUCTOR: Khazhak Navoyan
OFFICE: Hume 220
E-MAIL ADDRESS: KNavoyan@go.olemiss.edu
OFFICE HOURS: Wednesday 3:00-5:00 p.m.
Course ID navoyan58993

SOFTWARE/TEXT: MyMathLab Trigonometry w/ eText Reference, by Kirk Trigsted, 1/e, published by Pearson, Inc.

LEARNING OUTCOMES: Students who successfully complete Math 123 will be able to work with angles in degree or radian measure, write the ratio definitions of the six trigonometric functions, evaluate trigonometric functions of special angles, sketch graphs of trigonometric functions, verify trigonometric identities, solve trigonometric equations, solve triangles by a variety of methods, and solve application problems using trigonometric functions and identities.

HOMEWORK:

• Homework will be assigned for each section of material covered, and will count for a total of 100 points.
• The lowest two (2) homework assignment grades will be dropped at the end of the semester. The homework grade will be an average of the highest 18 completion percentages.
• Homework assignments will be done on the computer using the MyMathLab software.
• Homework assignments may be done as many times as needed before the due date, with only the best score counting toward the student’s grade.
• Homework must be submitted by 11:59 p.m. on the due date.
• Homework assignments may be completed after their due dates until Friday, May 6th, 2016 for half credit.

TESTS:

• There will be five (5) major tests during the semester.
• Students must show all work for each test question in order to receive credit.
• Each test will count 100 points toward the student’s final grade.
• If a test is missed for ANY reason, a grade of zero (0) will be given.
• THERE ARE NO MAKE-UP TESTS GIVEN FOR ANY REASON.
• The percent correct on the final exam will replace the lowest of the five test grades IF the final exam score is greater than the lowest of the five test grades.
• Any student who must miss a scheduled test because of an official University function must reschedule and take the test at a time BEFORE the scheduled time of the exam. NO OTHER rescheduling will be allowed.

FINAL EXAM:

• The final exam is comprehensive and will count 200 points.
• Any student who must miss the final exam because of an official University function must reschedule the exam on some other mutually satisfactory date.
• Any student having three or more final exams scheduled for the same day will arrange with the instructor to take either the 12:00 p.m. OR the 7:30 p.m. exam on some other mutually satisfactory date.
• Every student must take the final exam at the time scheduled. The only exceptions are the students affected by the two situations above.
• An “I” grade will not be given without the permission of the Department of Mathematics.
**FINAL GRADE:** The cumulative total for the course is 800 points. The following point scale will be used to determine your final grade:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage for Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>93% - 100%</td>
</tr>
<tr>
<td>A-</td>
<td>90% - 92%</td>
</tr>
<tr>
<td>B+</td>
<td>87% - 89%</td>
</tr>
<tr>
<td>B</td>
<td>83% - 86%</td>
</tr>
<tr>
<td>B-</td>
<td>80% - 82%</td>
</tr>
<tr>
<td>C+</td>
<td>77% - 79%</td>
</tr>
<tr>
<td>C</td>
<td>70% - 76%</td>
</tr>
<tr>
<td>D</td>
<td>60% - 69%</td>
</tr>
<tr>
<td>F</td>
<td>below 60%</td>
</tr>
</tbody>
</table>

**ATTENDANCE POLICY:** There is an attendance policy for this class.

- Students are allowed five (5) absences in a MWF section without penalty.
- Students are allowed three (3) absences in a TTh or MW section without penalty.
- Students who accumulate more absences than are allowed for their specific section will have ten (10) points deducted from their final point total FOR EACH absence above the limit for their respective section.
- Students must take the responsibility of telling the instructor in advance if they must leave early, and must discuss with the instructor immediately after class if they entered the classroom after class has begun. It is the student’s responsibility to make sure that their attendance record is correct.
- Attendance fraud is a form of academic dishonesty. Students engaging in fraud will fail the class and be reported to the university for further disciplinary action. If a student must leave class after signing in, it is the responsibility of the student to communicate with the instructor before class begins.
- Random attendance checks will be made in the form of role call at some point in class. If a student has been scanned into class using his or her student identification card but is not present for random role call, then that student will be found to have fraudulently attended class.

**TEST INFORMATION:**

- Tests will be administered during regular class meetings.
- Each student will be given a maximum of fifty-five (55) minutes to complete the test.
- Under no circumstance will a late or make-up test be given to any student.

**CALCULATORS:** Graphing calculators are welcome in this course. Please note, however, that calculators with a Computer Algebra System and/or a QWERTY keyboard are not allowed during tests. This includes, but is not limited to, TI-89, TI-92, Casio Algebra FX 2.0, and TI Multi-View calculators.

Note that calculators are not permitted on certain tests, or parts of tests. Cell phone or iPod calculators may not be used during tests. If a student is caught using a cell phone or iPod calculator during a test, he/she will receive a grade of zero (0) on said test.

**ELECTRONIC DEVICES:** All cell phones, pagers, and other electronic equipment should be turned off and put away during the class period.
CHEATING: The following statement is the policy of the Department of Mathematics in MATH 123 regarding cheating:
   Offenses: Cheating on any exam or quiz, theft or attempted theft of exam questions, possession of exam questions prior to an examination, or the use of an illegal calculator on tests shall all be offenses subject to appropriate penalties.
   Penalties: The penalty for commission of any offense set out above is failure in the course and, subject to the approval of the Chancellor, dismissal or suspension from the University.

WITHDRAWAL DEADLINE FOR FALL 2015 SEMESTER: Friday, March 4th
After the Course Withdrawal Deadline, courses dropped will be recorded on University records and the grade of W will be recorded if the student is not failing the course at the time of withdrawal; otherwise, the grade of F will be recorded. After the course withdrawal deadline, a student may drop a course only in cases of extreme and unavoidable emergency, as determined by the academic dean. Dropping a course after the deadline will not be permitted because of dissatisfaction over an expected grade or because the student is changing his/her major.

ACADEMIC NEEDS: It is the responsibility of any student with a disability who requests a reasonable accommodation to contact the Office of Student Disability Services (915-7128). Contact will be made by that office through the student to the instructor of this class. The instructor will then work with the student so that a reasonable accommodation of any disability can be made.
