INSTRUCTOR: Jon-Michael Wimberly
E-MAIL ADDRESS: jwimberl@olemiss.edu
OFFICE: Hume 205
OFFICE HOURS: MWF 12:00-2:00
TTh 11:30-12:30

TEXT:  Calculus Early Transcendentals w/ binder + MyMathLab by William Briggs & Lyle Cochran;
ISBN: 9781256652533

DESCRIPTION AND LEARNING OUTCOMES:

• Students who successfully complete Math 262 should be able to determine an antiderivative for
polynomial, trigonometric, exponential, logarithmic, rational, and radical functions using a variety of
methods. We will cover Chapters 5, 6, and 7. Students should also be able to write and evaluate
definite integrals that represent plane area, volume, arc length, and surface area.

Mathematica (do not purchase) – available on the computers in the Weir Hall Computer Lab or install on
your computer using the university site license; installation instructions at
http://www.mcsr.olemiss.edu/appssubpage.php?pagename=mathematica.inc

TESTS, QUIZZES, HOMEWORK:

• There will be four tests during the semester. Each test will count 100 points. The test questions will be
similar in format to the examples in class and the homework problems. The lowest test grade will be
replaced by the final exam percentage.

• Online homework, Mathematica worksheets, and quizzes will be given throughout the term. These will
total as a 100 point grade. See Blackboard for the MyMathLab registration documentation.

• Online homework must be submitted by 11:59 pm on the due date to get full credit. Homework
assignments may be done as many times as needed before the due date, with only the best score
counting.

• Any late online homework assignments may be submitted by 11:59 pm on Friday, May 6th 2016
for half-credit.

• The final examination is comprehensive and will count 200 points.

VERY IMPORTANT:

• If a test is missed for ANY reason, a grade of 0 will be given. There will be absolutely NO make up tests
given for ANY reason.
• The lowest of the four test grades will be replaced by the exam percentage. Note that the homework/quiz grade cannot be replaced.
• Any student who will miss one of the four tests because of an official University function must reschedule and take this test at a time BEFORE the test is scheduled to be given. NO OTHER rescheduling will be allowed.
• An "I" grade will not be given without the permission of the Department of Mathematics.
• Students must show all work for each test question and arrive at a correct answer.
• Any student having three or more final examinations scheduled for the same day may arrange with the instructor to take the Noon or the 7:30 p.m. examination on some other mutually satisfactory date.
• Every student must take the final exam at the time scheduled. The only exceptions are those students affected by # 3 or # 6 above.

FINAL GRADE: The cumulative point total for the course is 700 points – tests: 400, homework/quiz: 100, final exam: 200. The following point scale will be used to determine your final grade:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points Necessary for Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>648-700 = 93 – 100%</td>
</tr>
<tr>
<td>A-</td>
<td>626-647 = 90 – 92%</td>
</tr>
<tr>
<td>B+</td>
<td>605-625 = 87 – 89%</td>
</tr>
<tr>
<td>B</td>
<td>577-604 = 83 – 86%</td>
</tr>
<tr>
<td>B-</td>
<td>556-576 = 80 – 82%</td>
</tr>
<tr>
<td>C+</td>
<td>535-555 = 77 – 79%</td>
</tr>
<tr>
<td>C</td>
<td>486-534 = 70 – 76%</td>
</tr>
<tr>
<td>D</td>
<td>416-485 = 60 – 69%</td>
</tr>
<tr>
<td>F</td>
<td>below 416 = 60%</td>
</tr>
</tbody>
</table>

ATTENDANCE POLICY:
• Students are allowed five (5) absences in a MWF section without penalty.
• Students are allowed three (3) absences in a TTh section without penalty.
• Students who accumulate more absences than are allowed for their specific section will have ten (10) points deducted from their final point total FOR EACH absence above the limit for their respective section.
• Students must take the responsibility of telling the instructor in advance if they must leave early, and must discuss with the instructor immediately after class if they entered the classroom after class has begun. It is the student’s responsibility to make sure that their attendance record is correct.
• Cellphone use will not be allowed during class. Any student using a cellphone in class will be counted absent — no questions asked.
CALCULATORS:
• There will be no calculators used during any test, exam, or in class assignment under ANY circumstances. Any student caught using a calculator or cell phone during a test, exam, or in class assignment will be considered cheating.

ELECTRONIC DEVICES:
• Cellphone use will not be allowed during class. Any student using a cellphone in class will be counted absent – no questions asked.

CHEATING:
• The following statement is the policy of the Department of Mathematics regarding cheating:

  Offenses: Cheating on any exam or quiz, theft or attempted theft of exam questions, possession of exam questions prior to an examination, or the use of an illegal calculator on tests shall all be offenses subject to appropriate penalties.

  Penalties: The penalty for commission of any offense set out above is failure in the course and, subject to the approval of the Chancellor, dismissal or suspension from the University.

WITHDRAWAL DEADLINE: Friday, March 4th
• After the Course Withdrawal Deadline, courses dropped will be recorded on University records and the grade of W will be recorded if the student is not failing the course at the time of withdrawal; otherwise, the grade of F will be recorded. After the course withdrawal deadline, a student may drop a course only in cases of extreme and unavoidable emergency, as determined by the academic dean. Dropping a course after the deadline will not be permitted because of dissatisfaction over an expected grade or because the student is changing his/her major.

ACADEMIC NEEDS:
• It is the responsibility of any student with a disability who requests a reasonable accommodation to contact the Office of Student Disability Services (915-7128). Contact will then be made by the Office of Student Disability Services through the student to the instructor of this class. The instructor will then work with the student so that a reasonable accommodation of any disability can be made.
SUGGESTED PRACTICE EXERCISES FOR MATH 262

I. Test 1
   Section 4.9 (concept review): 11-15; 39-48
   Section 5.1: 15-20, 31-33
   Section 5.2: 19-24, 27, 31-38, 45-49
   Section 5.3: 11, 12, 23, 24, 25-56, 74-82, 87-91
   Section 5.4: 19-22, 31-34, 36
   Section 5.5: 17-42, 52, 53, 56, 58, 59, 61-63, 90-93
   Section 6.1: 7-14, 17, 21-24

II. Test 2
    Section 6.2: 5-8, 12-16, 20, 23, 24, 27-30; 65-68 in Section 5.5
    Section 6.3: 15-17, 21-26, 31, 32; 56-60
    Section 6.4: 5-8, 11-14
    Section 6.5: 3, 5, 7, 11, 13

III. Test 3
     Section 6.7: 11-18
     Section 7.1: 7-17, 19, 22, 29-34
     Section 7.2: 9, 12, 14, 19, 20, 25, 29, 30, 32
     Section 7.3: 1-8, 10, 11, 14, 16-19, 21, 25, 28, 34, 35, 41-44, 48, 49, 54

IV. Test 4
    Section 7.4: 5-15, 19, 20, 21, 23, 25, 34, 51, 52, 56, 60, 61, 62, 64
    Section 7.7: 5-10, 12, 13, 16, 17, 19, 20, 27, 29-32
    Section 7.8: 9-20, 23-26
